ROMANIA

The University of Pitesti organized the multiplier event on November 11, 2022, between 1:00 and 05:00 p.m. 52 teaching staff attended the event, school principals, representatives of school organizations, people interested in learning more about increasing resilience in preschool children.

The speaker explained the following aspects to the participants, through Power Point presentations and using the project website:

- the context of the Resilient Preschools project;
- the aims and objectives of the project;
- the content of the three intellectual outputs;
- how to log in and how to access the content of the eLearning platform;
- the principles of Positive Psychology;
- the benefits of the PERMA model.

The activity also included discussions, exchanges of good practices and a feedback session.

PORTUGAL

A total of 21 participants attended the Resilient Preschools' Multiplier Event in Portugal. The majority (88,9%) were preschool educators or coordinators; 11,1% of the participants were psychologists or health professionals directly working in preschools.

The Multiplier event was organized by the Municipality of Lousada in the Public Library of the city (<u>https://www.cm-lousada.pt/p/biblioteca-municipal</u>). On the scheduled date – 07/11/2022 -, keynote speakers, project managers and participants attended the event, from 16:00 to 18:00. During two

hours, the project and its results were presented, the topics around Positive Psychology in Education were debated, and a final moment of open debate with all the elements attending occurred bringing to the discussion another E+ project dedicated to the same topics (<u>https://prowproject.eu/</u>).
